Hip hip

When you're on a holiday
You can't find the words to say
All the things that come to you
And I wanna feel it too

On an island in the Sun
We'll be playin' and havin' fun
And it makes me feel so fine I can't control my brain

Hip hip

Hip hip

When you're on a golden sea
You don't need no memory
Just a place to call your own
As we drift into the zone

On an island in the Sun
We'll be playin' and havin' fun
And it makes me feel so fine I can't control my brain

We'll run away together
We'll spend some time forever
We'll never feel bad anymore

Challenge!

Try to create a water xylophone at home by gathering a few glasses and pouring a different amount of water on each glass. Now use your imagination to create different melodies with it!

Example: <https://youtu.be/9UNGYAu1rb4>

It's not necessary to color the water. If you create a cool piece of music with your new instrument, post it to your Instagram and tag us @tistuyard so we can see it!
